A MONTHLY BULLETIN

VOL. II No. 2 BRISBANE, CALIF., MAY 1, 1947 10 cents a copy — $1.00 per year

HOME TOWN FOLKS

Mr. and Mrs. "Bud" Varley and Family have moved to Sacramento, Calif., where Mr. Varley has been transferred for an indefinite time.

Bob Gull, son of Mr. and Mrs. Walter Gull, has been discharged from the Army and is now home in Brisbane.

Mrs. Mable Ross is enjoying a vacation and recuperating from her recent illness, plus visiting friends down South.

It is very good to see Mrs. "Mickey" Coonrod up and around again after her recent illness.

Esther Likkanen and Eddie Rawlings took a little jaunt to Reno over the week-end, where they were married. Congratulations and Best of Luck to the happy couple!

A Brand new lock has been put on the front door of Dagler's Market since some mean culprit entered the store last Friday, April 18th, and made off with all their Camel Cigarettes and some wine. Daglers would appreciate hearing of anyone seen smoking Camel Cigarettes profusely and suffering from a terrible hang-over.

Mr. George Holbrook, of Sierra Point Road, has been confined to his bed with a bad case of influenza. We are glad to report that he is now on the road to recovery.

Jay Robbins, one of our newer Brisbane residents, while testing a friends plane, was surprised by his first forced landing in a beet patch in Salinas. No injuries sustained to either pilot or plane, but the beets weren't the only thing that were red.

Dickie Radoff, receiving a cut arm when he fell thru a glass window of a local merchant. After medical attention and several stitches, he is feeling fine.

One of those believe it or not items. — "Turkey bites Girl" — Janet Nixon while in her yard, attending to the chickens, was attacked by a Turkey who took quite a nip of her arm.

Mr. and Mrs. Frankie King, are motoring to New York, for a months vacation with his family.

Jean "Scotty" Radoff and Bette Baker, enjoyed the weekend at Placerville. Reported a wonderful time by all, at the home of Ed and Edna High. Ed is recuperating at home, after being in Oak Knoll Hospital.

Mr. and Mrs. R. E. Tompkins of 431 Alvarado, announce the birth of daughter, Cynthia Mary, born March 31st.

A belated item of thanks. . . . Mr. and Mrs. Charles Shaffer want to thank the party who returned the watch, which was a sentimental keepsake. The watch which had been missing, was returned by persons unknown.

Mrs. Alice Miller sister of Mrs. Tex Bolden, has been called back to Waco, Texas. Her son is ill. We hope that he recovers soon and it won't be long until she returns to Brisbane.

"Dutch" Laluc of 37 Mariposa, returned home from seven months in Japan. He found his old job waiting for him at Kunz' Bros. Paint Co., on Bayshore, and says it is pretty nice to be home. Welcome back, "Dutch".

Mr. and Mrs. Basil Burgess and Miss Sherry Burgess, formerly of San Francisco, are now Brisbane residens living at 205 Kings Road. They are very happy in their new home, and we welcome them to Brisbane.

Mr. and Mrs. Charlie Dixon, of The Brisbane Hardware Store, with their "covered wagon" are making an extended tour to Mexico City and return. The latest report on their return trip was from Las Vegas, Nevada, where they are learning what makes the "wheels" go round.

Mr. and Mrs. Henry L. Mayhue and Daughter, Helen, of San Francisco, were guest of Mr. and Mrs. A. F. Koch, San Benito Road, Sunday, April 20th. The Mayhues were celebrating their 15th wedding anniversary, and as a highlight of the day, Mr. Koch took Mr. Mayhue for his first airplane ride aboard a United Airlines Mainliner. Mr. Koch is affiliated with United Airlines.

At last The P. G. & E. have made the gas connection at the Recreation center. The heating system, water heater and stove are now in operation adding much to the comfort and convenience of the public.

Mrs. Geo. Naughton entertained at a "Mop Party" Friday afternoon April 25th. Luncheon was served in her garden and everyone had fun. Among those present were Mrs. Chas. Mozetti Jr., Mrs. James Vandiver, Mrs. Archie Eads, Mrs. Wm. Tyler, Mrs. Harris Hooper, and Mrs. Wm. Wipprecht.

Brisbane 14 Years Ago this Month.

Easter Egg Hunt —

Over 300 easter eggs were hidden in the tall grass at the rear of the Hardware Store. Rabbits and pigeons were given as prizes and all contestants were given candy eggs. After the hunt, foot races were held.

A number of Brisbane Parents and Teachers attended the sessions of the Seventeenth District Annual Convention held in San Mateo on April 20 and 21. Kathleen Norris addressed the assembly. The sessions were held in the Baywood Theatre, and those attending from Brisbane were Mesdames I. W. Prestidge, J. Mahaffie, Whatford, A. Gledhill, and Fredericks. Mrs. Fredericks is the new president of the Brisbane unit, Mrs. Prestidge outgoing president.

Motor cycle races were held on a recent Sunday and attracted quite a gallery of local and city spectators. The course over two of Brisbane's highest hills, with hazardous curves, hill turns and rocky dirt roads provided thrills for the spectators.

Mr. Arthur Annis still sells 25 by 100 ft. lots, so people can "build their own" for $1.00 down and $1.00 weekly!

ANOTHER BAYSHORE MURDER AT BRISBANE.

Less than two weeks ago, another traffic tragedy hit Brisbane residents. A hit-run driver, described as one of the most callous and brutal in San Mateo County history, hit and killed a Brisbane resident and critically injured his wife.

Clarence McLeod, 26, died instantly in the terrific impact and his wife, Helen, 19, was taken to South San Francisco Hospital, unconscious.

McLeod and his wife were walking on the Bayshore Highway shoulder near their home and place of business, when an automobile struck them from behind. The driver made a quick U-turn and sped north toward San Francisco.

After two weeks of hush-hush, it is rumored that the murderer is a very influential Burlingham resident who is out on a very mediocre bail and cannot remember what happened that evening.

Editor's Note — Wonder how much it cost to buy off a drunk driving charge and a manslaughter rap?

Channelization and traffic signal installation project at Visitacion Avenue and the Bayshore Highway in Brisbane has been combined with a similar improvement at the intersection of Geneva Avenue and the Bayshore Highway. Plans have been completed, and the combined projects will be advertised as soon as specifications are prepared.

It is expected that the combined projects will be under contract before the end of this month.

NOTICES.

The San Mateo Department of Public Health and Welfare will conduct a Well Baby Conference on the 2nd and 4th Wednesday of each month at the Brisbane Recreation Center.

The first meeting was held on Wednesday, April 23, 1947. The hours of the clinic will be from 9:00 A. M. to 11:00 A. M.

Two nurses and a Doctor attending.

Please phone for appointment at RAndolph 2577 or JU. 5-2117.

Sea Scouts will meet each Monday evening at 7:30 P. M. at The American Legion Hall.

Addressed to Brisbane Parents and Chamber of Commerce:

On behalf of the Brisbane Brownies, Girl Scout Troop No. 3; I wish to thank you for your wonderful help in raising funds for our treasury. There was $65.00 cleared, which will see us through the year in regards to treats, badges and registration fees. Thanks so much. Sincerely, Byron Jensen.

Lew Terry, Fire Chief announces that the grass burning season is about to start and it is requested that all property owners clean off the grass 5 feet back from their fences. If the services of the Scouts are desired, contact Jack Grabosky, Scout Master.

Quote:

There never was a good war or a bad peace. Benjamin Franklin.

Heroic Rescue Saves Local Boys from Drowning in Bay.

With the aid of Fire Chief Terry, Commissioner Bill Rook, Highway Patrolman Chevalier and the U. S. Coast Guard, two Brisbane youths are alive today to tell about it.

Friday afternoon, April 18, with a home-made boat, Ronnie Smith and John Bolinger set sail on the Bay off Brisbane. A mile off shore the boat was swamped and sank from under them. With out-moded life preservers they started to swim for shore but were soon handicaped with the water soaked preservers.

A small group of boys who had aided the launching of the boat observed the tragedy from shore and put in a call for help. Lou Terry, the first to respond, sent word to the County Sheriff's office. They in turn notified the State Patrol and the U. S. Coast Guard.

Soon the Coast Guard plane was circling over the boys struggling in the water while Highway Patrolman Chevalier, Lou Terry and Bill Rook waded out to reach the boys. As soon as they were brought ashore in an unconscious condition, they were rushed to the So. San Francisco Hospital where they remained over night. Both boys have fully recovered.

In the past few years, five boys have lost their lives in the Bay off Brisbane. An urgent warning is given to all to remain off the Bay with small boats!

A TIMELY NOTICE.

We always like to draw attention to the people of Brisbane any new business that has started here in our town. After all, it is a sign of growth. For the benefit of those who do not know it; we now have, a first class shoe repair shop, manned by N. Bonarno. At his location, 103 Visitacion Avenue. we observed a complete line of hard-to-get young ladies and children's shoes. So here's a tip.

WARNING.

Herb Tann, Brisbane Water Company, hereby gives warning to all who are caught shooting at or prowling around the water tanks. They will be arrested and taken before the Public Utility Commission.

EASTER EGG HUNT.

On a typically beautiful Easter Sunday afternoon an estimated 300 children participated in the Annual Easter Egg Hunt.

Prizes, donated by various merchants of the community, were awarded to all the youngsters present and included 20 show tickets from the Brisbane Theatre manager, ice cream from the Fountain of Youth and from Phil's Fountain and a large Easter Bunny, complete with wheelbarrow from the Brisbane Five and Ten.

The members and officers of the Chamber of Commerce, sponsor of the event, have expressed their thanks to all who donated so generously in time, colored eggs, cash, and prizes.

MOTHER'S DAY

Dear Mother:-

Mother's Day is the time to tell you again how dear you are, and to express our appreciation for your ever-loving care.

Only you, Mother, could have such patient understanding, and could give so generously in those countless ways which make each thought of you a treasured memory.

With all our dearest love and best wishes for your happiness always,
Your loving Sons and Daughters.

A WISH.

If it were my time to die
And I could have my say,
I'd dig my blue delphinium up
And pack it away —
I'd take it to my Mother
Who lives beyond the skies,
To show her I'd remembered
The color of her eyes.

by Eva T. Olson.

STATEMENT OF POLICY

The editors of this paper would like to present to the reading public of Brisbane the aims and objects, together with the policies, by which our efforts are guided.

As is any good newspaper, this journal is obliged to serve the people of the community, presenting the events of everyday life as they happen.

The Brisbane News Bulletin was founded under the sponsorship of the local Chamber of Commerce. The purpose of this action was to establish a medium through which affairs of the community could be brought to the attention of the general public.

At a recent meeting of this civic-minded group it was decided that, since the paper was able to financially support itself, the Chamber of Commerce would completely divorce itself of this activity, thus insuring that this journal would be a truly impartial and unbiased publication.

On behalf of the community we thank the Chamber for having given us this start and we pledge that our future endeavors will follow the true course laid down in this sponsorship.

We will actively support any campaign, wether originated by an individual or a group, whose objective is beneficial to Brisbane; we will take issue with all schemes which we deem detrimental to the welfare of Brisbane.

HELP WANTED

Editors have been plagued, from the time of the first newspaper, by the question: "What is and what isn't news".

To us the answer is clear. News is anything that happens to you, a Citizen of Brisbane. Without exposing your secret and private life we want to tell the other members of our town who came to see you, where you went over the week-end, what time the stew you were cooking was overturned thereby almost setting fire to your house; how your child Johnny almost broke his arm. In other words we are asking that you assist us as reporters.

We ask that you jot down the newsy happenings of your social life and submit them to us via our Post Office Box 435.

Who knows? You may be the next front page headline in the Brisbane News Bulletin.

LET'S DO SOMETHING

For some time now the people of Brisbane have suffered the slurring and slanderous remarks about our town made by non-residents.

A typical example is the attitude displayed in announcing the stop at Brisbane by drivers of public conveyances that traverse the Bayshore Highway. Although jocularly put, the inferences of these announcements are offensive.

As we all know, any such comments are unjust and uncalled for. We live as ordinary people in an ordinary Town with a good climate, attractive homes on well-laid-out streets and boast of our Fire Departement, School, Churches and Recreation Center. As such, we certainly do not deserve any but an average good reputation.

If each of us takes it upon himself to protest against any offensive statements by enlightening the offender with the true picture of life in Brisbane, an excellent reputation will soon be attained.

Brisbane Bus Schedule.

Every day except Sunday
Start around Brisbane at 5:50 A. M.
Leave Bayshore at 6:00 A. M. and every half hour to 8:00 P. M. On the hour and half hour.

NEWS BULLETIN

As a special public service to Brisbane, the News Bulletin in the past has been mailed out to every resident in the town absolutely free, through the sponsorship of the Chamber of Commerce. However, we now find that it is impossible to continue this practice due to the rising costs of printing and the paper shortage, etc. Therefore, we are soliciting your subscription to the paper for only $1.00 per year. You may leave your order at any of the business places displaying our sign, give your subscription to a Boy Scout who may call on you or fill out the subscription form at the foot of this notice.

You will receive this May issue free, through the courtesy of those who have already subscribed. This is the last free issue. To make sure you receive the following issues of the News Bulletin, fill out, clip and mail the form below, NOW.

Civil Service Examinations.

Examinations have been announced to fill existing and future vacancies in the positions of Construction Examiner and Valuator in the Federal Housing Administration in the states of California, Arizona, and Nevada. Salaries range from $3397.20 to 4149.60 a year, based on a Federal work week of 40 hours. Additional compensation is provided for authorized overtime worked in excess of the 40 hour week.

Full information as to requirements may be obtained from the Director, 12th U. S. Civil Service Region, 129 Appraisers Building, 630 Sansome Str., San Francisco 11, California; the Executive Secretary, Board of U. S. Civil Service Examiners, Federal Housing Administration, 315 Montgomery Str., San Francisco 4, California; or any first- or second-class post office. Applicants are required to present the completed form to the proper office not later than May 19, 1947.

Also announced was an examination for probational appointment to the position of Engineering Aid, various options, in the Bureau of Reclamation in the states of California, Arizona, and Nevada. Salaries range from $2644 to $3397 per year.

In addition to passing a written test, applicants must meet certain experience requirements. Applicants are cautioned that the closing date for these appointments is May 14.

The Civil Service Commission has announced examinations for Engineers for employment in the Bureau of Reclamation, and for the following positions in the Government Printing Office, Washington, D. C.: Electrotyper (Finisher and Molder); Stereotyper; Printer (Monotype Keyboard Operator and Slug Machine Operator); and Photoengraver.

The Engineer positions, paying $3.397 to $4,902 a year, are located throughout the Western States. To qualify, applicants must have completed a professional engineering curriculum leading to a bachelor's degree in a college or university; or they must have had 4 years of technical engineering experience or appropriate education and experience combined. In addition, they must have had from 1 to 3 years of responsible professional engineering experience. Graduate study in engineering may be substituted for 2 years of the required professional experience. Applications must be filed not later than May 20, 1947.

For Electrotyper (Finisher), Electrotyper (Molder), and Stereotyper positions ($1.94 an hour), applicants must have completed an apprenticeship of at least 5 years, or they must have had 3 years of practical experience in the trade.

Applicants for Printer (Monotype Keyboard Operator) & Printer (Slug Machine Operator) positions ($1.88 an hour) must have had at least 5 years of appropriate experience in the trade.

For Photoengraver positions ($2.10 an hour), applicants must have completed an apprenticeship of at least 6 years in the photoengraving trade, or have had at least 6 years of practical experience in the trade.

The closing date on these appointment applications is May 13th.

No written tests are required for any of these examinations; applicants will be rated on their training and experience as shown in their applications and upon corroborative evidence secured by the Commission. The age limits, eighteen to sixty-two years, will be waived for persons entitled to veteran preference.

Further information and application forms for any of these positions may be obtained from the Commission's Local Secretary, Mrs. Margery J. Naughton, located at Brisbane Post Office.

WOMEN'S CORNER

by GLORIA

Recipe for Californians.

Take as much as you can get of fresh clean air from God's vast kitchen
Add a pinch of Pine
A dash of Bay
A giant measure of Redwood (include the rustling whisper too)
Then very carefully add a little Eucalyptus- not too much of this
A whiff of Salt-enough to leave a taste on the lips
Add a Golden Poppy for color

Drink in as much of this as you can; dash some on the forehead; rub it into the hair; get a little directly under the nose then breathe long and deeply.

This will cure many things, but it's greatest power is the healing of a heavy heart or a tired soul.

(From Sunset Magazine)

To Young Mothers:

The next time you find yourselves wondering where all of your time and energy has disappeared to since the advent of that new member of your family, consider these statistics of the Children's Bureau and wonder no more: An estimate based on a group of seventeen young mothers shows that the care of a baby is a full time job for five hours and forty minutes every day and a part time job the rest of the time.

Here are a few helpful hints for that harried Housewife:

To keep the dust from flying about when you empty a vacuum cleaner bag, shake the contents onto a dampened newspaper.

In waxing a flat surface such as a table, where a lot of polishing is required, wrap a piece of flannel over your old electric iron and use it as a buffer. The weight and handle make it ideal. Use straight up and back strokes for a professional finish.

When driving a nail into plaster, first heat the nail thoroughly in hot water. It will then go in easily and won't crack the plaster.

This old-fashioned recipe is easy on that over-worked food budget:

Economy Spice Cake (Eggless and butterless)

Put one-third cup lard in saucepan and melt. Add one cup brown sugar, one cup seeded raisins, one tsp. cinnamon, one-third tsp. cloves, one-fourth tsp. nutmeg. Boil for a few minutes. When cool stir in one tsp. baking soda dissolved in a little warm water. Then add two cups flour sifted with one tsp. baking powder and about one-half cup liquid (milk, water or fruit juice). Fruit or nuts may be added. Bake in a loaf.

Easy Sugarless Frosting:

One egg white - Four tablespoons light corn syrup - One tsp. vanilla. Combine egg white and corn syrup in top of double boiler. Cook over rapidly boiling water for seven minutes, beating all the while with egg beater. Remove from fire. Add vanilla, and continue beating until mixture stands in peaks.

May reminders for your garden's continued beauty:

Prune your flowering shrubs during or after bloom. Acacia, mock-orange, beauty bush and wisteria usually need no further pruning than that which is done as soon as bloom is past.

Be careful to remove only old flower heads from plants which bloom from old wood: azaleas, rhododendrons, and camellias.

When primroses and violets have nearly finished blooming, divide the plants and re-set in new soil. If you do it before bloom is entirely gone, you will be able to seperate the colors. Be sure to keep the plants well watered after setting. These flowers thrive in shade.

Roses now coming into early bloom will need watering every ten days or 2 weeks if the soil remains dry. A cupful of balanced plant food to each bush will give good results; roses need extra rourishment.

This is a good time to spray.

Plant your summer annuals now. Quick easy color may be had in two months if you plant zinnias, petunias, annual phlox, asters, ageratum, marigolds and red or blus salvias. Geraniums, marguerites, and lantanas planted now will grow rapidly and give generous blooms in two months. Considering their permanence they are really less trouble than annuals. It is a good idea to have both types.

Rose Jar:

The roses are so beautiful in Brisbane now; have you wished that you could save some of their fragance for the winter? Here is a recipe for Potpourri (Grandmother's rose jar).

You will need a glass, porcelain, or pottery jar with a lid. Gather petals from sweet-scented roses in the morning after the dew has dried. Arrange the petals in a covered dish (a baking dish is fine) in half-inch layers, sprinkling each layer lightly with salt. Continue adding petals and salt daily until the dish is full. Then let the dish stand for ten days, stirring the petals well every day. Now for the spices: for a small jar, any or all of the following may be used: One-half tbsp. ground mace, one tbsp. each of dried lavender blossoms, ground allspice, powdered cloves, grated nutmeg, broken cinnamon stick, two or three vanilla beans. Add one ounce powdered orris root and pour a few drops of one or more essential oils over the top: rose, bitter almond, orange blossom or rose geranium. Seal the jar (paraffin is good) and let stand about two weeks before opening.

As there are a number of ingredients to assemble, why not make one with a friend - each buying part of the needed items?

Lucky Friday: Fridays are lucky, as is the thirteenth day of the month, if one's first action in the morning has been of good will to others.

WOMEN'S CORNER

(Continued from Page 3)

In view of the controversy now going on in San Francisco over the cable cars, we thought you might like this little poem we ran across:

Ambition- Latest Model

Folks sigh for about a billion things:
They cry for the gadgety thingamajings;
They yearn for the Sphinx,
Or a platter of eels,
Or something that melts- or perhaps congeals.
"I long for a Desert Isle, "some groan.
"Give me a beach crowd, "others moan.
Well, so it goes-and it goes quite far,
But all I yammer for is a car;
Not motor-oh, no! one finer far;
I pine for a cute little Cable Car:
I covet a little car that's able-
Only a San Francisco "Cable."
I'd scoot up the hills and down with verve;
I'd swoop like a bat around each curve,
And everybody that rode with me
Would ride for the fun and thrill of it, see?
I'd whistle and sing and shout, "Yippee!"
Just climb on folks, you're a ridin' free
On my gay little jay-little Cable Car,
My lizzie-little, dizzy-little Cable Car,
My San Francisco "watch-th'-curve" Car!

Ada Farris.

LADIES:

This is your corner. Every one has favorite recipes, poems, helpful hints, and sayings that should be passed on; send them in and we will be glad to print them. Address: Women's Corner, Box 435, Brisbane.

Support Your High School
VOTE "YES"

For urgently required buildings and to meet increased costs

Friday, May 16, 1947

Jefferson Union High School

The immediate needs of the Jefferson Union High School were discussed at a meeting attended by most of the elementary boards of trustees, representatives of the several units of the Parent - Teachers' Association, and others last Friday evening.

Chairman Remi Sanders of the board of trustees for the high school introduced the topic and then called on Mr. Stanford Hannah, district superintendent, to explain the problems more fully.

Superintendent Hannah told of the growth of the school both present and future. "Jefferson Union High Scholl", stated the superintendent, "is now nearly full. In some departments we are more than full. This is especially true of our shops."

Boys are now being denied the privilege of shop courses simply because there is no room for them, according to the speaker. He pointed out that a well equipped and adequate auto shop and a half-size, inadequate woodshop are all the local school possesses.

"We should have a metal shop to include work in forging, foundry, sheet metal, cold metal, etc," continued Hannah. "Most of our boys will enter the trades. We must give them exploratory and vocational courses to prepare them for their future jobs."

A new woodshop, adequate for the student load is also contemplated by school authorities.

The increased costs of operation, due to high prices were also discussed. Jefferson Union High School costs the least per student of any high school in San Mateo County, according to figures from the county office.

The assessed valuation in the district is the lowest per student of any high school district in the county.

The board of trustees, after considerable study, is asking the people to vote "YES" on the ballot on May 16th. This will permit a levy not to exeed $1.35 per one hundred dollars assessed valuation for the next five years.

This levy will provide the funds needed to erect new shops and later an addition to the main building. A fraction of the increased funds will be used to meet the increased costs of current operation.

In addition to Mr. Sanders, the other members of the high school board of trustees are: Mrs. Pearl Jones, Mr. Peter Markovich, Mr. Thomas Tallon and Mr. E. A. Weisenburger.

HUMOR:

"You better give me a raise, Mr. Jones," his assistant told him. "Three other companies are after me." "A likely story," said Mr. Jones, "What companies?" "Light, Water and Gas," said the assistant.

Bennett Cerf

"Battleships?" boasted the British tar. "Why, matey, our flagship is so big it takes the admiral an hour to cruise around the deck in a limousine." "So what?" sneered the American sailor. "The galley of our flagship is so big the cook has to go through the Irish stew in a submarine to see if the potatoes are done!"

San Mateo Publc Library, Brisbane Branch.

Our public library is one of the few things we can enjoy free of charge and we should all make the most of this opportunity which the County of San Mateo offers us by patronizing it and letting us know what type of reading material you would like and we will do our best to have it here.

Some of the newer novels in this month are:

Marquand: B F's Daughter.
Steinbeck: Wayward Bus.
Norris: Over at the Crowleys.
Ainsworth: Eagles Fly West.
Tarkington: Show Piece.
Stone: Jack London - Sailor on Horseback.

Borrowers plus circulation equals more books for your library. If you do not have a card ask for one soon.

Library Hours:

Monday	2-5	7-9
Wednesday	2-5	7-9
Friday	2-5	7-9
Saturday	2-5

Mid-week Prayer Service Wednesday	7:30 P. M.

A Cordial Welcome to All Services.

CUB NEWS.

The Boy Scout Cub Pack 134, sponsored by Brisbane Post 473, American Legion, is headed for a big year of cubbing, under the able leadership of Don Williams, Cub Master. He will be assisted by the following committee, Geo. Brady, Sec'ty; Virgil Smith, Recorder; Chester Mahaffie, Treasurer; Dick Cowan, Den Supervisor; Jack Sullivan, Athletics; Lloyd Isdahl, Marshal; Chas. May, Jr., Chairman and Richard H. Fassett, Assistant Cub Master. Three active Dens are under the supervision of Mrs. June Smith, Mrs. Gloria Chapman, Mrs. Barbara Sullivan and Mrs. Lloyd Isdahl.

Field activities and the Base Ball team are well under way. The Dens are holding regular meetings at the homes of the Den Mothers every Thursday at 3:30 P. M. On the last Friday night of each month, a Pack meeting is held at the Brisbane School at 7:30 P. M., to demonstrate the achievements of the preceeding month. All parents are urgently requested to attend this meeting.

The Cubs are composed of boys between the ages of nine and twelve and any parents who are interested in the development of these boys and wish to take an active part in the Cub program, please contact the Cub Master (Don Williams) or any of the Den Mothers.

The Pack was originated in our community more than three years ago through the untiring efforts of Mrs. June Smith, Mrs. Lloyd Isdahl, Mrs. Flora Chapman, Mrs. Thelma Hickman and Mrs. Fred Schmidt. It has grown and become more popular each year — thanks to the Pioneers who made this fine program possible.

HUMOR

"The Right Diagnosis"

Maybe you've heard this one, but — A young man was feeling low and ill, had a buzzing in his head, a ringing in his ears and cricks in his neck.

He sought medical advice and assitance. The first doctor said surgery was needed and removed the young fellows appendix. After recuperation the old symptons of the buzzing in the head, ringing in the ears and cricks in the neck reappeared.

Worried, our friend sought the advice of another doctor who removed one kidney but did not cure the complaint.

A succession of medicos treated and carved the poor boy until he was only half his former self.

In desperation he went to his old family doctor in his home town. This practitioner realizing that his patient was nearly out of funds and, moreover, knowing he could not diagnose the case recommended a month's rest on a farm.

Needing some clothing for this proposed rural cure-all our friend dropped into the local haberdashers.

When asked what size shirt he wore the young fellow replied "Fourteen and a half".

"But, sir," said the clerk, "your neck is much larger than that. I'd say size 16".

His customer insisted that he'd worn a size fourteen and a half all his life. A lively argument ensued.

Finally the clerk said: "Alright you win. But wait and see. If you wear a fourteen and a half shirt you'll get a buzzing in the head, a ringing in the ears and a crick in the neck".
